

## **Product Specification Sheet**

PuraChol™ Choline Chloride

## 75% Choline chloride, aqueous solution

Grade	Nutritional Additive; functional group vitamins, pro-vitamins and chemically well-defined substances having similar effect Active substance 70 wt.% Choline Chloride (3a890)		
Quality	Determination	Specification	Reference
(DeclaredonCoA)	Choline chloride	75±1%w/w	IM 328
	pH(5%solution)	5-8	SAM176.15
	Trimethylamine	0.05%w/wmax	SAM704.03
	ColorAPHA	25 max	COL 84.3.3
	Ion Chromatographic method (SAM 839.05) for testing choline chloride content is available on request		
Appearance	Clear liquid, free from solids with a slight amine odor		
Retestdate	24 months from date of manufacture		
	(in original packaging and protected from excessive heat)		
Formula	C <sub>5</sub> H <sub>14</sub> NOCl		
Synonyms	(2-hydroxyethyl) trimethylammonium chloride CAS N°: <b>67-48-1</b>		
Physical	See Safety Information Card		
Properties			
Recommended	Protect from excessive heat. Keep the containers tightly closed, the product is hygroscopic		
storage conditions			
Composition	Feed additive preparation:		
	- Choline chloride(3a890)		
	- Water		
Packaging	Polyethylene drum	BalchemItali	aproduct code: 5400536
	230 kg net (238,5 kg. gross)		

Standard palletconfiguration:

Multilingual label

4 drums on a wooden "CP9" HT pallet (IPPC-FAO),

size 1140 x 1140 mm with PE stretch film.

Standard dimensions: Netweight: 920kg.

Grossweight: 970kg.

Palletsize(wxlxh): 1160 x 1160 x 1100 mm.

## **Product Specification Sheet**

Polyethylene IBC Balchem Italia product code: 5405116

1100 kg net (1160 kg. gross)

Multilingual label

Standardpalletconfiguration: 1IBC on a wooden HT pallet (IPPC-FAO), size 1210 x 1000

mm. Standard dimensions: Netweight: 1100 kg.

Grossweight: 1160kg.

Palletsize(wxlxh): 1210 x 1000 x 1150 mm.

Bulk in road tank cars, tank containers and transoceanic flexitanks

Balchem Italia product code: 5400370

**Healthandsafety** Breathing, eye and skin protection shall be used during handling

Choline Chloride is not classified according to the CLP Regulation (EC) N°1272/2008. See our Safety

Information Card

Regulatoryinfo Choline chloride is authorized as Feed Additive by Regulation (EU) No 795/2013 from 21 August 2013

and included in the European Union Register of Feed additives in the category "Nutritional Additives"

with identification number 3a890

Choline chloride aqueous solution is a feed additive preparation under the European regulation (EU) N°

2015/327

Balchem Italia is registered for production of choline chloride according to regulation 183/2005/EC

(registration number αITM00001 NO)

**Directions for use** All animal species

(other provisions Choline chloride may be used via water for drinking

(EU)N°795/2013) The labelling of feed for poultry and pigs containing choline chloride should indicate in the

instructions of use: 'simultaneous use with water for drinking in which choline chloride has been added

should be avoided'

Recommended not to exceed supplemental levels of 1000 mg of choline chloride/kg of complete

feed for poultry and pigs
